

Advanced Graphics Incorporated Hooked Up With Do-It Corporation

Advanced Graphics Incorporated needed to hang a variety of Salty Bones fishing rulers and wooden signs. From the many hang tab options Do-It Corporation offers, the R-33 Hook Hang Tab and R-HBT Hook FlexiTab were ideal for AGI's products.

Hook style hang tabs facilitate back shopping. When offered a choice of color or design, customers can easily remove a single item anywhere on the peg hook.

The FlexiTab hang tabs easily conform to packaging allowing for a secure fit. FlexiTabs can also be folded down during shipment allowing the use of existing master carton boxes.
