

Do-It Corporation Increases Product Display Options For Stur®

Do-It Corporation provided Stur with a custom designed totem display that allows twelve Stur bottles to be displayed at a time. In addition, the digitally printed attached sign provides a custom billboard to showcase detailed product features of the liquid water enhancer.

This allowed Stur to remove individual paper packaging of each bottle. The new totem display from Do-It Corporation provides a reusable, mobile display option for their product.

Drink more water, naturally!

Stur®
Liquid water enhancer

Makes 20 Drinks

ALL-NATURAL Ingredients
